ST-3225 Suttner Food Industry Gun

Product Description:

The Suttner ST-3225 inline stainless steel guns have been designed to the highest requirements for hygiene and ergonomics. Their low overall weight (745g) make them ideal for cleaning food equipment and processing areas. They are capable of flow rates of up to 120lpm and come with a progressive valve system, which reduces the risk of water hammer in high flow applications. The trigger also has Suttner's LTF technology, which makes the trigger 40% easier to pull and 90% easier to hold than standard wash guns when in use.

Technical Details:

Stainless Steel

Max Press: 60 Bar
Max Flow: 120 Lpm
Max Temp: 100°C
Inlet: ½" F Swivel
Outlet: ST-3100 Coupling
Weight: 0.71kg

Products ID 124987
Product SKU 203225540

P: 07 5493 8868
