5 Litre IK 9 Foam Sprayer/Foam Lance

Product Description:

The IK9 Foam Sprayer is the latest evolution of the foam lance! With its large capacity 5 Litre tank, it is the most convenient and economical foam sprayer on the market today.

The most convenient portable foam lance! No high pressure washer or hose required.

- High Quality Viton Seals and Washers. Resistant to most acids and solvents with a chemical user range up to pH 10.
- Wide funnel for easy filling with translucent tank.
- Wet foam, medium foam and dry foam nozzles!

This sprayer is ideal for spraying our foaming products targeting specific areas of a vehicle or machinery. An example would be spraying Nerta Ant-Insect on the front of a truck, avoiding making contact with polished aluminium bull bars or fuel tanks.
